Description

To enable the fair and speedy recognition of qualifications, multiple stakeholders involved in the assessment processes require easily-accessible and reliable up-to-date information. This Webinar provides participants with background on what is the Lisbon Recognition Convention (LRC) information provision and how it relates to recognition procedures to access higher education. This includes an overview of the:

- legal framework that set minimum requirements on information that should be provided by Parties to the LRC;
- ENIC-NARIC Networks as well as HEI, and their role in providing information;
- tools and resources that are accessible to HEI to support their recognition procedures.
