Knowledge and awareness of fraud in education: a student perspective

Evidence-based analysis in the context of the FraudS+ project

Higher education is about ethics. It is our responsibility to fight fraud and improve the quality of education. This exploratory analysis aims at gaining a better understanding of student perception of fraud in education for the promotion of a culture of ethics and transparency in the greater academic community.

Developed in the framework of the "FraudS+ project - False Records, Altered Diploma and Diploma Mills Qualifications Collection", co-funded by the Erasmus+ programme of the European Union.
